AZ CORP COMMISSION  
DOCKET CONTROL

January 29, 2016

Arizona Corporation Commission  
Docket Control  
1200 W. Washington St.  
Phoenix, AZ 85007

RE: MOTION TO INTERVENE IN THE MATTER OF THE COMMISSION'S INVESTIGATION  
OF VALUE AND COST OF DISTRIBUTED GENERATION.

We wish to intervene in Docket Number E-00000J-14-0023.

We are residential APS solar customers who strive to minimize all radiofrequencies in our home due to electromagnetic hypersensitivity (EHS), and therefore have an interest in policies and rates being proposed.

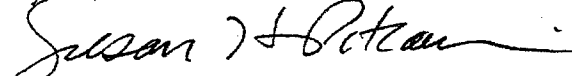

On behalf of solar customers and our living environment, we are particularly concerned that APS metering policies regarding solar customers will negatively affect our health and that of many others. There are many well-qualified scientific experts and studies indicating the dangers of this level of radiofrequency exposure, particularly to certain segments of the population.

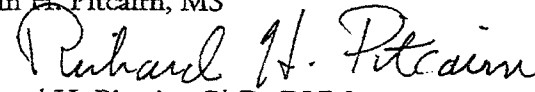

APS and other electrical service providers must come comply with the following Arizona statutes:

- A.R.S. 40-361.B
- A.R.S. 40-334.Discrimination between persons, localities or classes of service as to rates, charges, service or facilities prohibited.

We hereby certify that a copy of this Motion to Intervene is being mailed to the entire service list for Docket E-00000J-14-0023 on the same day as thirteen copies of this document.

Sincerely,

  
Susan H. Pitcairn, MS

  
Richard H. Pitcairn, PhD, DVM
